It is extremely important to read and follow contest rules exactly. Unfortunately, in the past some wonderful entries had to be disqualified because there was an infraction of one or more of the rules. Official rules and entry forms were sent to local court regents in the September 2019 Quarterly National Newsletter. In addition, these forms are available on the National website home page at www.catholicdaughters.org and hopefully soon on the State website.

Please make copies and distribute as needed. The first place winners of the State Contest will be sent on to the National Contest. Good luck and thank you for participating in the 2020 Education Contest.
