

CATHOLIC DAUGHTERS OF THE AMERICAS

California State Court

Unity and Charity

Release #39

March 2020

Dear Worthy Regents, Officers and Members,

The State Board is currently working on information to send our CA State Courts in response to the Coronavirus outbreaks in several areas of California.

At this time, please first and foremost, follow the direction of your Bishops office in regards to Church facilities and activities regarding any CDA activities that you may have planed.

Also please consider holding your monthly meetings via email until further notice and for Urgent Court Business Only.

For direction on how to conduct Court meetings via email and how to record the minutes on these types of meetings, the State Secretary Maria Santos-Silva, will be available to help your courts through this process. Her phone number is (559)901-3482.

I would ask, that since this is a time sensitive issue, that all DD's check in with your Court Regents to make sure they have seen this Release and will be sharing the information with their membership.

I am also asking at this time that all the CDA members, along with their families and friends, in California take time this Saturday March 14th at noon to join in praying the Rosary. Please pray for the intentions of those affected by the Coronavirus and those who are at the most risk of harm from the outbreak.

The power of prayer is amazing. With all of our CDA Sisters in California joined in prayer the hope is that this health crisis in our Beautiful State will pass as quickly as possible.

In Unity and Charity

Mary Bernard
State Regent
