Release #45A

April 2020

Dear Worthy Regent and Members,

Please review and share the following correspondence from our National Regent Olga Samaniego with your Courts.

In Unity and Charity

Mary Bernard  
State Regent

Worthy State Regents,

I think there is a bit of confusion. It is fine to ask courts for recommendations on the awards, but recommendations should be sent to you. The "Official" nominations for the state will come from the state regents. A few local courts have send recommendations directly to Emily. Thanks!
