Release #46

April 2020

Dear Worthy Regents, Officers and Members:

I am coming to you with an important prayer request. Catholic Daughters of the Americas, California Board Past State Regen, Gloria Maria Mayol's husband Bart has been diagnosed with the Coronavirus and he has pneumonia. Bart is in the hospital, he is on a breathing machine, not a ventilator. Gloria Maria is self isolating as she has been in contact with Bart.

We know that Catholic Daughters are mighty prayer warriors, so please keep Bart, Gloria in your prayers and also don't forget to pray for our families and friends as well.

Stay safe and healthy. God bless.

In Unity and Charity

Mary Bernard  
State Regent
