Release #86  
October 2020

## Dear Worthy Regent, Officers and Members:

I am happy to report that I have received the following update from Tess's husband George:

*From George Chiampas:*

*Update 10/14/2020*

*I visited my honey. She is doing very good and I also was able to get her to smile a bit. She still needs to improve on her breathing - when I was with her she was coughing and trying to breath at the same time - it was very difficult as even I could see. As everyone she has her ups and downs and we need to pray for her to overcome those "downs". She looks good although she has lost weight. I told her when she comes home she will need to go shopping for a new wardrobe and she got a kick out of that. She had a clipboard and did write some things but as much as she tried she could not verbalize anything. I could see the frustration.*

*Please Thank the CDA members for their concern - with prayers and cards. When I told her that she has a box full of well wishes her eyes were full of tears.*

*Please also thank the Ladies for their help for Raymund and I with the Dinners*

*Go with God  
George*
