## The Dirty Dozen List WORKS!

In 2021 alone, Roku, Google Chromebooks, and Wish made major changes affecting the online safety of millions of people—especially children. You can read about the [progress we saw in 2021 here](#).

Let's make an even greater impact with the 2022 Dirty Dozen List.

We've created quick, easy-to-use actions so you can contact Executives of these corporations and entities. To find actions, click the "TAKE ACTION" button below, scroll down and tap any target you're interested in, then complete the action on the landing page. Each target has an associated action.

**Will you join us and call out these Dirty Dozen for enabling sexual abuse and exploitation?**

However you jump in and take action, please know that we're so thankful for you! It's because of advocates like YOU that we continue to see such amazing progress and victories.

Can't wait to see what we accomplish together in 2022!

In gratitude,

Lina Nealon

Director of Corporate and Strategic Initiatives

P.S. A gift of any amount will help us continue going after the world's biggest exploiters!
