

RELEASE # 116

Dear Regents, Officers and Members

Our 2023 California CDA State Convention is right around the corner. We are excited to reunite the members from all over the state. We know many of you look forward to the daily drawing of the baskets and we will be doing that again this year. Not only is it something to look forward to, but it also helps to defray some of the costs of the convention. We would greatly appreciate all donations. If your court would like to help, we can use donated baskets and/or goodies for the convention bag. Attached you will find the information of where to send donations.

Thank you again,

Unity and Charity,

Mary Beasley
California State CDA Regent
