

RELEASE #126

Dear Worthy Regents, Officers and members,

The California weather has been wild and crazy the past few months and we hope you and your loved ones are safe and sound. But as our lakes and rivers are filling up with water and our beautiful mountains are covered with snow there are communities and families that are being threatened with the abundance of water. If you have been watching the news you know that towns in the Central Valley and along the coast are being threatened. Catholic Relief has helped many families so far in need in the Central Valley. A Call to Action is being sent out to help those in need. If your court would like to help those in need, please send check to:

Sheri Kanagawa, State CDA Secretary
2331 W Andrew Lane
Hanford, California 93230

Make sure in the memo, you write Emergency Fund for Flood victims.

But more than anything else, our friends need our love and support, so please keep them in your prayers.

In Unity and Charity

Mary Beasley
